

ARCHITECT

Victor Ivan Barron Ramirez

PROFILE

Revit expert with 5 years of experience in BIM, I have completed projects to LOD 500. I am a leader, ambitious and creative person. Bilingual, English-Spanish and i have high knowledge in architectural design and modeling mechanical installations.

WORK EXPERIENCE

2022 ● BIM MODELER

Current [GRUPO CHUFANI / chufani.com](#)

Santiago de Queretaro, Qro. Mexico

I elaborate detailed plans and models for industrial buildings, generating design proposals and participating in contests. Industry regulation experience, knowledge of materials and equipment. I work with LEAN methodology. Creation of plans for construction license and As built.

2021 ● PROJECT ARCHITECT

2022 [GASA Construction / gasaestructuras.com](#)

9months Santiago de Queretaro, Qro. Mexico

Elabore planos a detalle para casas residenciales, generando instalaciones, propuestas de diseño de interiores y Renders para venta. Diseñe mobiliario, tome fotos y videos con Drone. Realicé alzados de diversos proyectos en BIM LOD 300 e hice cuantificación de materiales con Revit.

2018 ● ARCHITECT

2021 [TUARQUI Remodeling + Construction / tuarqui.com](#)

3 years Mexico City

I was in charge of my own construction firm carrying out remodeling and maintenance projects. I learned to be in charge of personnel and deal with suppliers, I learned to win clients and projects by making plans and renders in the fastest and most attractive way possible. I learned to quantify or have general knowledge of the cost of things to give a price and I learned a lot about finishes and installations and the practical use of materials. In 3 years, I completed more than 15 remodeling and construction projects for shops and apartments.

2017 ● BIM PROJECT LEADER MECHANICAL SPECIALTY

2018 [VACSA SERVICIOS INDUSTRIALES S.A. DE C.V. / +52 442 2179054](#)

1 year BMW Manufacturing plant San Luis Potosi Mexico

I was in charge of the realization of the plans and model of the BMW San Luis Potosi Manufacturing Plant. I achive the model in a LOD 500 and i deliver As Built plans, I gained a lot of experience in the construction of industrial buildings and the scope that must be achieved in a project of this magnitude. I also use Navisworks to review the clashes between diferent models and i create new families with all the necessary information.

2016 ● **CONSTRUCTION SUPERVISOR**
6months [CASA VERTICAL / jorgemeza.com / +52 4422609090](#)

Santiago de Queretaro, Qro. Mexico

Supervised various residential constructions, submitting construction reports, dealing with construction personnel, receiving and checking material, finding contractors.

I learned a lot from the construction process and common mistakes in the field.
